## QUEEN OF ACTRESSES PRAISES PE-RU-NA.

MISS JULIA MARLOWE.

Heartily Approves of Peruna for the Nerves.

N. A. letter to The Peruna Medicine Co., Miss Julia Marlowe, of New York City, writes the following:

"I am glad to write my endorsement of the great remedy, Peruna, as a nerve tonic. I do so most heartily."—Julia Marlowe.

Nervousness is very common among women. This condition is due to anemic nerve centers. The nerve centers are the reservoirs of nervous vitality. These centers become bloodless for want of proper nutrition.

This is especially true in the spring season. Every spring a host of invalids are produced as the direct result of weak nerves.

This can frequently be obviated by using Peruna. Peruna aims at the root

of the difficulty by helping the digestion. Digestion furnishes nutrition for the nerve centers.

Properly digested food furnishes these reservoirs of life with vitality, which leads to strong, steady nerves and thus nourishes life.

Peruna is in great favor among women, especially those who have vocations that are trying to the nerves.

Expressions of Gratitude.

Dr. Hartman has received numberless letters containing expressions of gratitude for relief experienced through the use of Peruna in cases of nervousness.

Probably no other physician has a larger number of grateful patients scattered all over the civilized world than Dr. Hartman.

Not a day passes that he does not receive some token of appreciation from the patients whom he has relieved of some chronic malady.
